SUMMARY

Data & Product Analyst with 5 years of experience in market research, consumer behavior, and data analytics. Proficient in Python, SQL, and Tableau. Experienced in analyzing customer journeys, conducting A/B testing, and building automated reports to support business decisions.

SKILLS

Languages & Tools: Python (Pandas, NumPy, SciPy, Matplotlib, Seaborn), SQL (PostgreSQL), Data Visualization (Tableau), MS Excel (Advanced), Jupyter Notebook.

Analytics & Methodologies: A/B Testing, Statistical Hypothesis Testing, Data Visualization, Data Cleaning & Preprocessing, Customer Journey Mapping (CJM), NPS & CSAT Analysis, Cohort Analysis.

Languages: English (C1 - Advanced), Russian (Native).

EXPERIENCE

Freelance Data Analyst | Remote *Sep 2023 – Present*

- Built automated daily sales dashboards using AmoCRM data to help a retail client track sales funnels, marketing performance, and ad spending.
- Analyzed A/B test results for a new e-commerce feature by comparing revenue and conversion rates between control and test groups.
- Used SQL to analyze a major online bookstore's inventory, identifying top-performing genres and categories to guide stocking decisions.

MarketSense | Moscow, Russia Research Manager (Data & Insights) *Nov 2021 – Jun 2023*

- Conducted quantitative and qualitative market research for clients in the telecom and retail sectors.
- Created a Customer Journey Map (CJM) for a telecom operator using data analysis to find key touchpoints and barriers, helping improve user experience and reduce churn.
- Built interactive maps using API and survey data to help plan and optimize network coverage.
- Performed SWOT analysis on retail locations using store visit data to identify underperforming and high-potential spots.

Medicina | Moscow, Russia Marketing Data Analyst *Oct 2020 – Nov 2021*

- Set up a monthly NPS and CSAT tracking system (processing ~500 surveys). Provided recommendations that helped management revise the employee bonus system.
- Extracted and categorized patient feedback from the CRM, creating monthly reports on negative reviews to help improve clinic services and patient retention.
- Analyzed customer service metrics (like queue times and product availability) for a federal hypermarket chain using Excel, and presented the findings to stakeholders.
- Monitored and analyzed competitor pricing to help adjust the company's pricing strategy.

MASMI | Moscow, Russia Research Manager *May 2018 – Apr 2020*

- Managed full-cycle qualitative research projects for clients in telecom, FMCG, and fashion retail.
- Programmed online surveys for quantitative research and analyzed customer service data using MS Excel.
- Translated research materials and communicated with international clients in English.

EDUCATION

Yandex Practicum *Data Analyst Plus Certification* | 2024

- Completed ~15 hands-on projects focusing on Python, SQL, A/B testing, and data visualization.
- Higher School of Economics (HSE), Moscow, Russia** *Bachelor of Social Sciences (Sociology)* | 2019
